DEDICATION

MR. F. G. STEVENS

After his graduation from Kennedy Collegiate in Windsor, Mr. Stevens obtained his M. A. degree from the University of Western Ontario, and then received one year's instruction at the Ontario College of Education. He spent the first seven years of his teaching career at Beaverton, until in 1956, he became a history instructor at S.C.I. & T.S.

Mr. Stevens contributes a great deal to the leadership of extra-curricular activities at S.C.I. & T.S. An ardent bowler, he has issued many famous challenges to the students' team on behalf of his fellow-teachers, and accepted wins and losses with the same lively sense of humour. In 1959 he founded the "Ecclesia", a group of high-spirited debaters who discuss current events each week. Then in 1960, the Award System, with Honour Letters for outstanding achievement in academic, athletic, and social activities, and also a Lettermen's Club which is the basis of an alumni association, were begun under his encouragement and leadership. He was also the instigator of the handsome plaques that grace our halls and bear the names of students and graduates prominent in some particular field of life at S.C.I. & T.S.

But Mr. Stevens is perhaps best-known on the third-floor hall as "the man who walks softly and carries a big stick", as he delivers brief but effective threats to those who dare to loiter near room 307.

History is made more vivid by his amusing comments and enlightening observations, and though many students will probably forget the contents of their history texts soon after graduation, those memorable classes will bring chuckles years from now.

We proudly dedicate this forty-seventh edition of the Ad Astra Annual to Mr. Stevens — an excellent teacher, a faithful friend, and an unforgettable part of our days at S.C.I. & T.S.

"Je pense, donc je suis" — Descartes

"Vivere est cogitare" — Cicero

1961-62 has been a momentous year. Russian and American astronauts have circled the globe at fantastic speeds. Monstrous computing machines calculate complicated mathematical problems with lightning rapidity. Biological and medical advances are relentlessly pushing man into the golden age. We live in an age of spaceships, atomic vessels, and horrendous hydrogen bombs. Most of us take these marvellous scientific advances in stride. Yet millions of hours of painstaking research and concentrated study preceded every inch of progress. This is the theme of my foreword to S.C.I. & T.S. students for 1961-62.

Descartes and Cicero, two of the greatest thinkers of history, have "set the stage" for further advancement in the years to come. Surely if we are to continue to advance we must continue to THINK. As Principal of S.C.I. & T.S. I urge every student to use to the best of his ability the intelligence which God has given him. To waste such attributes in the formative years is to waste one's life. Today presents an opportunity to think and to work. That opportunity will be gone tomorrow. Make good use of your opportunity now.

To the staff of the Ad Astra Annual I express appreciation for the hours of labour in assembling, for our student body and staff, the records of the past year. May we continue to advance and improve in all aspects of our school life at S.C.I. & T.S.

Editorial

"A year of great accomplishments!"

This statement has been made repeated by the great men of the world concerning the past year. In my opinion, the staff and students of S.C.I. & T.S. should not be excluded from receiving congratulations on their achievements of the past year.

In the field of sports our school was represented in the finest tradition of the blue and white. All our teams displayed admirable skill and sportsmanship throughout the year. The highlight of our sport's year was the taking of the city championship by our Junior Basketball team.

In the academic circle, innumerable scholarships and bursaries were won by our students along with high achievements in such activities as the Science Fair and the Annual Mathematics Contest.

The Scits Club sponsored a show that was referred to, by many, as "the best revue ever".

Through the years to come, a great many students may look back on the past few months with pride as the people who were responsible for them. In closing, may I leave you with a few thoughts. To those who will be just starting; this is your school, support it, and above all respect and honour it. I sincerely hope that you will think about this seriously and keep this in mind, I would like to see the students next year bring the glory and tradition of our school up to heights never before dreamed of.

On behalf of myself and the editorial staff, I would like to thank all those who helped in the publication of this magazine. I would especially like to thank Mr. Galpin for all his time, assistance and above all, his patience. Thank you.

Valedictory Address

Mr. Saunders, Honoured Guests,
Ladies and Gentlemen:

Tonight these commencement exercises mark for us, the Sarnia Collegiate Institute and Technical School graduates of 1961, the end of four or five of the most formative years of our lives. As a representative of this graduating class, it is my duty to officially say farewell on its behalf, and in so doing to briefly reflect on these past years and to say a sincere thank-you to those who made them so valuable.

I find it difficult for two reasons to express for all the graduates their personal thoughts at this time. The first reason is that we have not yet fully realized the extent to which our experiences here at S.C.I. & T.S. have made a lasting impression on us. The second reason is that these experiences have had for each of us a slightly different significance. Yet, I know that all of us have benefitted from the lessons we learned here—lessons far more important than Canadian History, Latin, Grammar, or Algebra. We have learned here how to accept the responsibility of work, how to enjoy the fellowship of others, and how to successfully combine these two.

Perhaps at times we doubted the value of learning lists of verbs and memorizing passages of Shakespeare, but we were learning how to work—how to accept the responsibility of finishing a task as correctly as possible and on time. Then, we did not see them as such, but each assignment, test, or exam was not an end in itself, nor was the course of which it was a part. No, these seemingly insignificant tasks were part of our preparation for life, where it is of great importance to be able to accept responsibility, to persist until one's work is done. In this light, each small assignment assumes an importance of considerable significance.

Of equal importance, we learned how to enjoy the fellowship of others our age. In athletics and group activities we learned the essentials of co-operating with others, and of accepting success and defeat with equal grace. In the many groups provided at this school, we were given every opportunity to learn how to work with others both

as a leader and as a follower. The knowledge and understanding of people, which we gained from such activities will be of great value to us in the future. Without such knowledge and understanding, and a resultant ability to get along with other people, all academic learning and acquired skills are rendered of little use, for one's life work will unavoidably entail working with others.

Perhaps the hardest lesson we learned in our high school years was how to combine work and enjoyment—that is, one's responsibilities and one's social life. We had to seek a balance which suited our particular capabilities. Too often, we misjudged, and paid the penalty for exceeding our limited in extra-curricular activities. It was so much more pleasant to attend a club meeting, a football game or a band practice than to study a French vocabulary, yet we learned through a poor grade to limit our pleasure to an amount compatible with academic success. Through these experiences we were learning the essentials of restraint, and how to conduct our lives in moderation.

Now, for these lessons of inestimable value, I say thank you on behalf of my classmates. Thank you to our parents and the Sarnia Board of Education for providing the facilities, and a special thank-you to our teachers, who laboured most patiently to transfer to us some of their knowledge, to teach us to think and to prepare us for the responsibilities of making our own way of life. They guided our activities, drawing out our ideas and encouraging our efforts to conduct our own affairs. To say thank-you seems inadequate, but we, the graduates, do hope that our performance in the future will express to all involved an appreciation more meaningful than this verbal message—that they will be able to see that we do remember their efforts and have profited by them.

It is traditional in this school that a member of the graduating class pass on to the incoming grade 9 class, a lighted candle, the symbol of learning. It is my pleasant duty at this time to continue this tradition and to pass this symbol on to John Barkwell.

GERALD VANDENTOP

A pleasing personality, along with a good sense of humour are only two of the virtues which were bestowed upon Jerry. Since coming to S.C.I.T.S. in 1956, he has belonged to many organizations and participated in sports, his last being the school football team. After completing thirteen, Jerry will find himself out in the world of work.

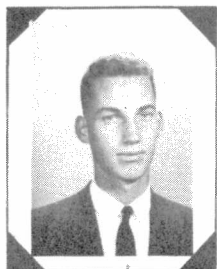

WILLIAM D. CHOPTOVY

Bill, better known as "chops", is known for limping down the halls and for not having his English homework done for Miss Howden. For the past year he has been active on the school football team, and his outside activities include basketball, pool, and occasionally driving his father's white '59 Chevrolet. Bill's future plans include passing his Grade XIII in one year and then a Business Administration course at Michigan State University.

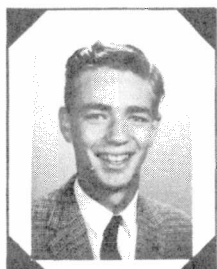

ROBERT L. COCARELL

A student who is undoubtedly known around S.C.I.T.S. for his pleasant personality and neatness of dress is Bob. He can usually be seen bouncing into Chemistry class a few seconds before the bell in the afternoon. In his years at high school, he has been a chief swimming instructor and has also done work at the Y.M.C.A. Next fall he plans to attend Western.

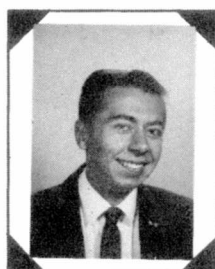

GARY P. SHRIGLEY

During his first few years at this school, Gary was very much interested in interform sports. Swimming is his favorite pastime, and he has won his Senior Red Cross and Red Cross Leader's awards as well as the Bronze medallion. In his spare time Gary works as a shoe clerk, holds the rank of flight cadet in Air Cadets and plays the piano for the Sarnia Student Symphonette. As yet his plans are undetermined.

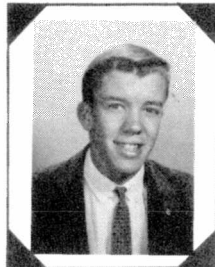

DAVID L. GALLOWAY

"Lights, please! . . ." Almost everyone in the senior assembly knows David Galloway since he operates the film projector. A few of David's interests are: the Key Club, Chess Club, Science Club, St. John's Rover Crew Scouters' Club, and the Bowling Club. As soon as Dave graduates from grade thirteen, he plans to enter Huron College, in London, where he hopes to graduate as a high school teacher.

PETER DOLEZAL

A willingness to work hard has marked Peter's bright career at S.C.I. & T.S. Besides achieving honours every year, and winning the award for general proficiency in Grade XII, he has entered into extra-curricular life, notably in the Key Club, Math Club, Ecclesia, and representing this school at a U.N. Seminar in 1960. Pete plans to study physics and chemistry at Queen's.

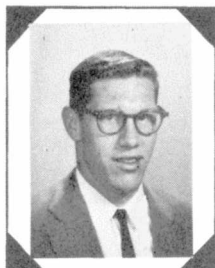

EDWARD KIRK

School activities have been rewarding to Ted as he is an expert marksman on the Rifle Team, an ardent swimmer and a member of this year's football team (the latter sport gave him his famous limp). He will be remembered for getting SWIFTLY defeated in golf and for his WHITE hunter lessons. His enthusiasm will be a characteristic of his work and everyone wishes him the best in his career in Dentistry.

PENELOPE E. J. CATTON

Although Penny has been active in the S.C.I.T.S. Club, Orchestra, Ecclesia, and Drama Club. She has also found time for schoolwork and has her four year honour pin. She was a Students' Council representative for two years, attended a United Nations Seminar at Western and is president of the Math Club. She will attend Western next year for a math course.

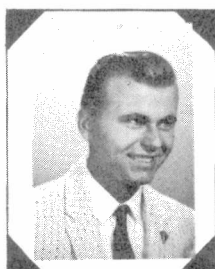

AL COLE

"Big" Al came back to S.C.I. & T.S. this year to complete his grade XIII subjects. Besides these, he found time for the football team as manager. Al is not, as yet, too certain about his plans for next year, although teaching seems to be predominant in his mind. We wish him the best of luck in whatever he chooses.

DONALD SMITH

Don is a bright and cheerful young man who, despite the fact that much of his time is spent participating in school activities including the Ecclesia, Math Club, Band, Publicity Committee, Soccer and Track Teams, has achieved high honours standing throughout. Don plans to attend University of Toronto to study honours philosophy. We wish him every success.

HENRYK KLODNICKI

Hank has been at SCITS for four years, and has played on the Senior Soccer team for three years. He is bowling captain of the "Underdogs" and is a member of the SCITS Revue this year. Hank's plan is to attend Western Tech. in Windsor. Best of luck, Hank.

IRENE P. VANTOL

Although treasurer and head of the publicity committee of the Students' Council, art editor of the Ad Astra, and a member of the Math Club, Irene tied for top marks in Grades 10 and 11, and won two athletic proficiency crests, her Senior Letter, and 4-year honour pin. This fall she attended a seminar at O.A.C. She plans to attend Macdonald Institute of Home Economics next year.

"Sieg" has taken an active part on the executives of "Ecclesia", "Math Club", "Ad Astra", and "G.A.A." "Sieg", a member of the Lettermen's Club, should have no trouble studying psychology at U. of T. as she has been an honour student all through school.

ROBERT J. RUSSELL

"Egg" says he has done nothing, but he has been outstanding in "being average." He has boosted school spirit by just being here. Reading Time Magazine, drinking coffee at the Continental, and trying to pass French have been Bob's main pastimes. At present he is uncertain about his future plans, but this likeable person will surely be a success.

GEORGE POTTER

When not blowing up experiments in the school laboratory, George can be seen enjoying school life, roaming the halls with the boys. He has been a captain in the bowling league this year. Outside of school he is active in Y.P.U. and other church activities. After completing high school, he will further his studies in chemistry, and we know he will succeed.

JIM PLAZEK

The champion sink marker of 313, "Jas" has been a member of the school football team the last two years. His other extra-curricular activities are restricted to distributing propaganda for the John Birch Society. His favourite expression is "Give me time, Elmer!" Despite his many obvious vices, he has attended SCITS for five years, and he will undoubtedly be a successful social outcast in future life.

KEN NICHOLSON

Ken, commonly known as "Nick", has been active in the Key Club, 4-H Club, Young Peoples', and his own prize herd of cattle. We hope that he will succeed this year and in the future.

ANNE ALLEN

When Anne is not entertaining a few hundred teenagers after a SCITS Revue tragedy, she may be found faithfully filling her position as the co-director of the SCITS Club. Co-chairmanship of the Teen Town membership committee helps Anne gain a social background which will be an asset to her at Teachers' College next year.

The highlight of Heather's five active years at SCITS was when she received her Senior Letter. The Ad Astra staff and the Bowling staff have been supported by her ready and willing assistance. We are sure that she will be successful.

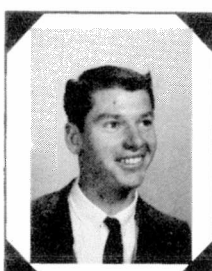

BARBARA SCOTT

Barb is in her fifth year at S.C.I. & T.S. Because her spare time is taken up with working at Walker's and preparing Sunday School lessons, she hasn't much time for school activities. If Barb ever succeeds in getting out of S.C.I. & T.S., she hopes to take up nursing in Hamilton.

BIG LOU

Every Friday afternoon you could see him arrive,
He stood 5 ft. 10 and weighed 185.
Kind of broad at the shoulders and thick in the head
"I eat little line men for breakfast," said BIG LOU.

No one ever knew where Lou called home,
He drifted in and out of S.C.I. & T.S. and lived all alone,
He didn't think much — kind of backward and slow,
But when he got the ball he could really go — BIG LOU.

Then came the night of the Red Feather Game —
BIG LOU would never be the same,
S.C.I. & T.S. got the ball and was really hummin'.
Our squad dug in — they knew what was comin' — BIG LOU!

Through the blood and dirt of that man-made Hell,
Came the big Blue Bomber the boys knew well,
With nerve of steel and face of stone,
Like a tank he came through the line along — BIG LOU.

He hit a solid wall of Garnet and Gold,
S.C.I. & T.S.' star was lying deadly still,
It looked like Central's night to shine,
Everybody knew it was the end of the line for — BIG LOU.

With smiles of grief and crocodile tears,
He'll be remembered through the years,
Let's write his epitaph in blood,
"Here's all that's left of a great big Dud" — BIG LOU.

Sports

Carol Adams QC

Editorial

Every girl has, at least once in her four or five years at high school, asked, "Why do they have those silly extra-curricular activities?" These games which are held at noon hours and after four help girls relax from the tedious task of studying, and build up their sportsmanship and co-operation with other girls.

With the help of the Referee's Club, the G.A.A. executive, Mrs. Gough and Miss Smith, the extra-curricular activities this year proved to be the best ever. During this school year many girls participated in such well-organized and supervised games as volleyball, basketball, deck tennis, and

badminton without showing any sign of not enjoying themselves.

Good sportsmanship and co-operation was evident in nearly all the games. Although in a few games the girls gave the referees a bad time, soon everything was forgotten and games continued to go their natural course without any further trouble.

Congratulations and thanks go to everyone who has and will make all extra-curricular activities more enjoyable.

Girls' Sports Editor

GIRLS' ATHLETIC ASSOCIATION

Back row: Lesley Sadleir, Carol Swift, Lynda Sheppard, Linda MacKinlay, Mary Eng.

Front row: Linda Galloway, Anne Allen, Mrs. Gough, Susan Ewener, Kerry Kirby.

G.A.A.

This year, as in all previous years, the intermediate and senior girls voted for thirteen girls whom they thought would be most suitable for their G.A.A.

Elected for presidency was Anne Allen, 13A. Vice-President was Lynda Sheppard, C-Sp.; secretary, Kathy Ewener, 11C; and treasurer, Susan Ewener, C-Sp.

The sports curators for this year and their jobs are as follows:

Basketball—Mary Eng, Sandra Charyk
 Volleyball—Susan Ewener, Kerry Kirby
 Badminton—Lynda Sheppard
 Swimming—Leslie Sadler
 Referee—Leslie Sadler
 Track—Linda MacKinlay, Carol Swift
 Deck Tennis—Vicki Hawryluk, Judy Waters

The remaining member of the executive is Linda Gallaway.

On March 9 the G.A.A. hosted the Senior All-Star Basketball teams from Central, Northern, St. Pat's and SCITS in a "Round Robin" tournament. A good time was had by all.

In the month of April the girls of SCITS participated in our second annual posture contest. Every girl in the school was eligible and with the help of the teachers and other members of G.A.A., we cut down the number. From these finalists we chose our Queen.

As in previous years, a fashion show was presented by the Emily Shoppe followed by a banquet in the cafeteria. This is only the second Awards Banquet held by the G.A.A. but I'm sure it will become an annual event.

Front row: Miss Smith, Barb Alexander, Lynn Swails, Carol Richardson, Mrs. Gough.

ALL-STAR VOLLEYBALL

This year instead of having try-outs for inter-school volleyball teams the girls nominated girls who played to the best of their ability in the inter-form games. After the votes were counted, Miss Smith and Mrs. Gough chose the ones they thought would be best in competition.

The members of the senior team are as follows: Joyce Pyette 12B, Capt; Anne Allen 13A, Lynda Sheppard C-Sp., Bev Black 12A, Joanne Conway C-Sp., Dianne Conway C-Sp., Stephanie Brock 11C, Pat Vernon 12B, and Judy Waters 12B.

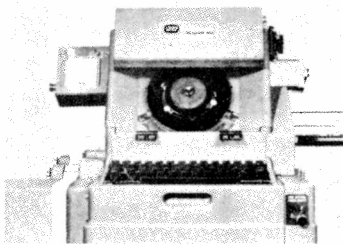

The junior team consisted of the following girls: Barb Alexander C 10B, Meri Caven C 10B, Linda Doyle 9D, Marilyn Farr C 10B, Sharon Friedman 10C, Joyce Lambert 10C, Mavis Whitt 10C, Carol Richardson C 10A, Darlene Smith 10B, Pauline Sproule C 9A, and Lynn Swales 9A.

The senior "Round Robin" tournament was held at Central in December. The competition for the SCITS girls was keen and after defeating St. Pat's in three games and losing to Northern after the third game, they ended up in third out of a field of five.

The juniors also met with keen competition from the other school in their tournament held at St. Clair in December. The girls played hard and like the seniors ended up in third place.

The girls of both junior and senior teams would like to thank both Mrs. Gough and Miss Smith for the time they spent preparing them for competition.

CHEERLEADERS

Kerry Kirby, Bev Walters, Sharon Robinson, Pat Jackson, Sherrill Dunlop, Sylvia Stonehouse.

CHEERLEADERS

With the beginning of a new school year and the football season the need for a cheerleading squad arose once more. Out of the many girls who turned out to practices it was necessary for the teachers to choose seven girls to lead the students in cheering our Blue Bombers on to victory.

The girls — Kerry Kirby, Pat Jackson, Sherrill Dunlop, Carol Fortney, Beverly Walters, Sylvia Stonehouse and captain, Sharon Robinson performed remarkably well in the bad weather that occurred during the football games. Their efforts to be chosen the best cheerleading squad at the Red Feather game were unsuccessful but this didn't dampen their spirits.

Congratulations to the girls whose performances at all activities made everyone in the student body proud of them.

DECK TENNIS

The inter-mural deck tennis tournament was held during the months of September, October and the first of November. The games were held during the noon hour with approximately four games each twenty minutes long. Competition was keen between all the teams. Sportsmanship was also quite evident during all games.

Intermediate winners were Karen Pasguan, capt.; Cheryle McKenna, Linda Reid, Bonnie Stewart, Diane Oliver and Janice Randell of 10C2.

Senior A winners were Ivamae Shannon, capt.; Prudy Cook, Sheila Mason and Barbara Leckie of 13B2.

Until now there has been competition only for the boys of the city. Next year the girls hope to have a chance to enter into competition against other schools. Good luck, girls!

Intermediate winners were: Meri Caven, Carlie Fauteux, Marilyn Farr, Sue McLean, Cheryl Moore, Lynn Fyfe, Carolyn Dunsmore, Rose Anne Millett and Lorraine Robertson of C10B1.

Senior B winners were: Jacqueline Chartrand, Cheryl Lee, Lynn Franklin, Brenda Aubin, Shirley Kirk, Pauline Pisarcik, Loreley Peterson, Beverly Strangway and Mary Eng of C11B1.

Senior A winners were: Marilyn Graham, Carol Swift, Ann Poutney, Judy Waters, Sandra Charyk, Karen Little, Grace Coleman, Linda McKinlay, Dorothyann Henry, Bonnie Strangway and Lesley Sadleir of 12AB1.

The junior and intermediate winners played off along with the Senior A and Senior B to decide who would represent S.C.I.&T.S. at the tournament which was held at Northern. After two very exciting games C10 and C11B were the chosen teams. Although both teams ended up in the lower standing positions we are sure they tried their best.

REFEREES' CLUB

The girls who make up the referees' club play an important part in girls' athletics. They supervise all inter-mural games besides being officials for inter-school volleyball and basketball games.

All of these girls have attended classes both at noon hour and after four. After finishing all the classes and before they begin their duties they are required to write tests on their rules.

Girls who have refereed both volleyball and

basketball games are:—Beverly Black, Joyce Pyette, Barb Alexander, Karen Black, Rozelle Collins, Suzanne Backman, Marg Knowles, Marlene Dickinson, Diane Coolledge, Joyce Lambert, Sharon Friedman, Cheryl Friedman, Jackie Whitney, Darlene Smith, Donna Archer, and Leslie Sadlier who is their coach.

Thanks should go to all these girls who really make inter-mural games more enjoyable.

INTER-MURAL BASKETBALL

During the month and a half before exams, the girls of SCITS took part in basketball games designed to decide who the winners in the different groups would be. Competition proved to be at its best with all groups having at least two teams fighting it out to be winners. But the winners were finally decided.

Junior winners were Janet Waybrant, capt. Ruth Anne Chappell, Pauline Sproule, Suzanne Mott, Bonnie Andrew, Wanda Drysdale, Penny Blondin, and Melody DeKolver of C9A.

Intermediate winners were Laurine Blondin, capt. Alice McDonald, Karen Armstrong, Carol Bourget, Carol Ann Park, Carol Richardson, Carol Dunford, June Saunders, of C10A.

Senior B winners were Pat Jackson, capt. Stephanie Brock, Linda DiLorenza, Kathy Ewener, Kay Garrett, Nancy Mowry, Karen Pretty, Liz Stauffer, Donna Watson and Judy Wilding of 11C.

Senior A winners were Penny Catton, Ivamae Shannon, Joan Coolledge, Iren Vantol, Heather Kirby, Sheila Mason, Anne Allen, Sharon Penning and Gail Siegel of 13AB.

On March 9th in both the girls' and boys' gyms the G.A.A. from SCITS were hosts to the Senior Round Robin Basketball Tournament. The girls from 13AB were our representatives and even though they played their best our school ended up in a three way tie for third place with St. Pat's, and St. Clair. Central was first and Northern ended up in sole possession of second place.

The junior tournament was held at St. Clair and C9A represented us very well there. Although they ended up in third place like our seniors we all know that both teams did their best.

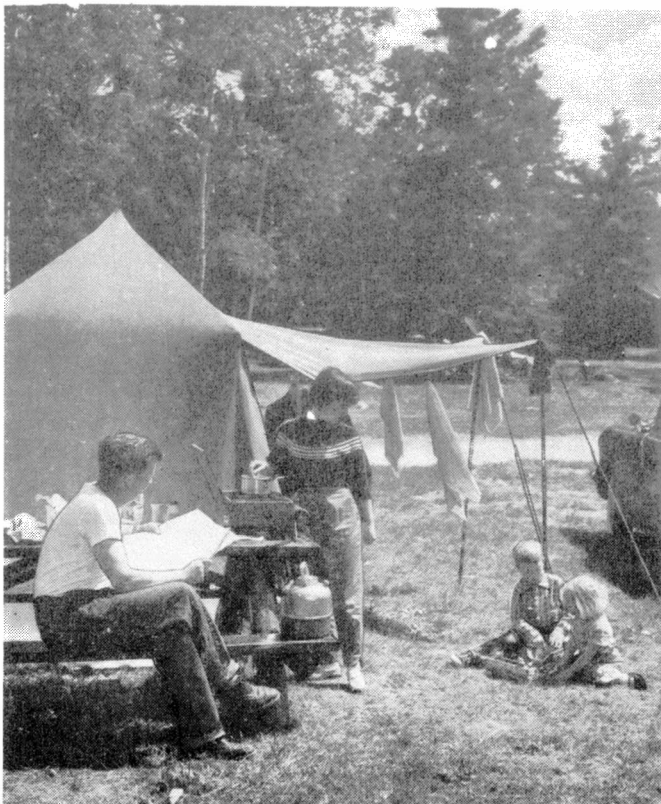

THE SARNIA GENERAL HOSPITAL

School of Nursing

Offers an approved course to High School Graduates seventeen years of age or over. The minimum entrance requirement is the Secondary School Graduation Diploma with four options, one of which is science, but preference will be given to students who have more than the minimum requirement when factors such as interest and aptitude seem equal.

It is an advantage for students to complete Grade 13 before entering Nursing School. Students registering in Grade 13 should take English, Chemistry, Biology a language and one other option.

BOYS' SPORTS

"LU GEG'S

Editorial

The highlight of the year, SPORTSWISE, was the visit to S.C.I.&T.S. of the N.H.L.'s all-time great, Maurice "the Rocket" Richard in January. The whole school, sportsminded or otherwise, appreciated the opportunity of hearing this celebrity.

When he addressed the complete student body he stressed two main points—first the necessity of staying in school, as a good education is of far more value than anything else today; second—sportsmanship—a good athlete is a good sport.

The important thing is not whether you win but how you play the game. This year, as in the past, our teams have not always been winners but have always been good sportsmen on the field and on the court.

In all departments our teams proved themselves worthy opponents and the Junior Basketball Championship came to S.C.I.&T.S. this year.

Every team member did his best to uphold our school traditions, the oldest and best-established in the city. Sports are an important part of school life, uniting the whole student body and teaching staff in the spirit of the struggle and strengthening their pride in their school.

On behalf of the boys of S.C.I.T.S. I say "Thanks" to the teachers who coached our fine athletes this year. They give a lot of their time to furthering sports in our midst and we admire them for their enthusiasm for a job well done.

"When the one Great Scorer comes

To write beside your name,

He'll write not if you won or lost

But how you played the game".

The Bombers started out the season by edging out Central in a tight game. Lewis Daws ran 27 yds. for a touch-down after SCITS recovered a fumble. Dan Oreskovich and Dan Plazek scored on plunges from the 1 yd. out for other Td's. The Bombers looked great in the first game.

SCITS 19 — ST. PAT'S 15

Again the Bombers won. This time it was the Irish who were unfortunate. Bombers Td's were scored by Dan Plazek who scored 2 and Lewis Daws the other. John Fisher, a first year boy, starred on defence as well as offence.

SCITS 6—NORTHERN 33

The boys played hard but were not able to beat the Vikings.

SCITS 6—CENTRAL 18

The Bombers were unfortunate and could not get going against Central. A good Red-Feather crowd watched as SCITS lost a tough game. This was the declining point for the Bombers.

SCITS 7 — ST. PAT'S 32

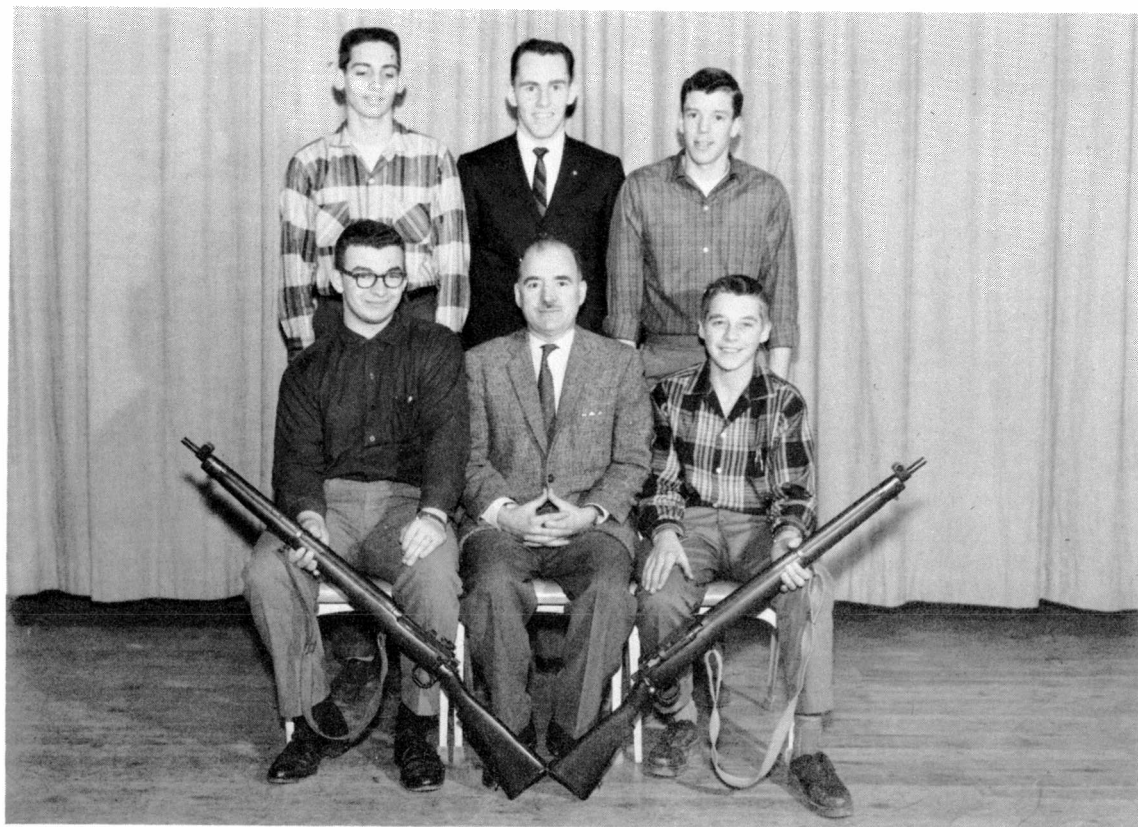

Bombers put up a fight but lost to the fired up Irish. The team spirit had been hurt by the game before.

SCITS 0—NORTHERN 26

On a poor field the Vikings showed why they were the league leaders and finished first again this season.

Mr. Edgar is to be congratulated on his fine job of looking after the squad along with their trainers and assistants. The school is still behind the team and next year I am sure we will win. Good Luck!

S.C.I. & T.S. BOYS' RIFLE TEAM

We at S.C.I. & T.S. have a great deal of things to be proud of, one of which is the Boys' Rifle Team. This year it has given us the honour of being the Ontario Champions.

The contests the team must shoot are as follows : Department of Education, Youth of Empire, Canadian Shield, Sappers' and O.R.A. It is only through time, effort, good coaching and co-operation that the team will win. We are very fortunate in having a good coach such as "the great" P. W. Corns.

We are probably going to lose three of the top

shooters on our team this year. These fellows are Ted Kirk, Paul Janes and Peter Smith.

Members of the Senior team this year are Ted Kirk (Capt.), Erling Kern (Co-Capt.), Peter Smith, Paul Janes and Ken Russell. Also this year Mr. Corns has picked a Junior Team, Geoff Knapp, Wayne McKaig, Rex Garrett, Wilfred Robinson and Paul Petersen.

Congratulations to Erling Kern who will be one of the Canadian Team shooting at Bisley, England, next year. Lots of luck and keep up the good work.

CLUBS

Editorial

As I am Club's Editor for this year's magazine, I have had the opportunity to acquaint myself with the numerous organized activities in the school. Through this I have come to realize their worth and what they do to help round-out the academic career of the average student.

Many of the clubs teach the members how to do something and to express themselves creatively. Others help the members to express their thoughts and to help build and improve the society of school life. Most important they teach the students a sense of responsibility and in that way prepare them for the years following their high school graduation.

This past year has seen the addition of several new organizations to the list of extra-curricular activities. The Radio Club, under the auspices of

Mr. Porter, was formed at the beginning of the year, and the members are now working toward their transmitting license. The School Drama League has returned to the list of clubs through the effort of the students last spring to produce two one-act plays. An Astronomy Club was also organized this winter as a branch of the Science Club. The junior members of the school put forth an effort in January to create a Junior French Club, with the intention of learning more about French culture in general.

I urge the students to get out in full force next year and support these and the other organizations because I know that they will be of much value to them.

I hope that the following excerpt which has inspired me will also inspire you.

TAKE TIME FOR TEN THINGS

1. *Take time to Work* — it is the price of success.
2. *Take time to Think* — it is the source of power.
3. *Take time to Play* — it is the secret of youth.
4. *Take time to Read* — it is the foundation of knowledge.
5. *Take time to Worship* — it is the highway of reverence and washes the dust of the earth from our eyes.
6. *Take time to Help and Enjoy Friends* — it is the source of happiness.
7. *Take time to Love* — it is the sacrament of life.
8. *Take time to Dream* — it hitches the soul to the stars.
9. *Take time to Laugh* — it is the singing that helps with life's loads.
10. *Take time to Plan* — it is the secret of being able to have time to take time for the first nine things.

STUDENTS' COUNCIL

Back row: Linda McKinlay, Mr. Little, Irene Vantol.

Front row: Lynn Pollard, Gail Siegal, Marlene Brown, Thom Wilson.

Absent: Mr. Pate

STUDENTS' COUNCIL

The Students' Council is composed of the executive:— President, Gail Siegel; Vice-President, Lynn Pollard; Secretary, Marlene Brown, and Treasurer, Irene Vantol; a representative from each form; a representative from each organization within the school; and two staff advisors, Mr. Pate and Mr. Little.

The Council strives for an improvement of the school and a variety of school activities. This year the preparation of designing a mural in the cafeteria has been devised. The mural was designed by Janice Hayes of 13A.

Within the Council, pins are awarded to the representatives with a record of eighty per cent or over attendance at all meetings.

The Council also had a jacket committee which designed a new school jacket for boys.

The Com-Te.Colls are arranged by the Council or through the Council. They are handled by assigned chairmen and committees who are responsible for decorations, refreshments, etc. Dress-Up Day and the monthly Tea Dances are also planned by these committees.

Fifty dollar cheques are presented to the most outstanding girl and boy based on their scholastic standing, participation in extra-curricular activities, and all-around citizenship. This year the Council agreed to change the Citizenship Award to the Diane McLeod Memorial Award for Citizenship.

The backing of the student body and the guidance from the staff has aided in the success of your 1961-62 Students Council.

KEY CLUB

Back row: Peter Gould, Rick Bywater, Tom Milsom.

Front row: Duncan White, Rick Alexander, John Walker, Thom Wilson.

KEY CLUB

The Key Club is a semi-service club within the school for boys from grades ten to thirteen. The weekly meetings consist of a brief business session, and are then highlighted by a speaker illustrating some interesting topic. To maintain the club treasury, the boys have checked coats, sold refreshments at all school functions, and sponsored the school dance "The Refugees Rock". This is done to enable them to support their Vietnamese orphan, Pham Van Van, through the Foster Parents' Plan.

As service projects for the school the club published football rosters, helped at the Remembrance Day services and cleaned the school trophies and the trophy-case. A committee was also formed to help collect advertisements for the Ad Astra which totalled \$1000.

By offering the examples of successful business, political and professional men, and by performing services for others, the club hopes to help boys go out into the world as men.

The Executive are as follows:

President — John Walker

Vice-president — Richard Alexander

Secretary — Thom Wilson

Treasurer — Duncan White

Sophomore — Rick Bywater

Junior Director — Tom Milson

Senior Director — Peter Gould

Sergeant of Arms — David John

IN MEMORY

Every once in a while we are privileged to meet a person of rare qualities. Diane McLeod was such a person. Her strength, her courage, her smile touched every one of us who knew her and won her respect, admiration and love. In short, Diane symbolized everything that the Students' Council Citizenship Award was meant to stand for.

It is because of this, and because of the fact that she was so proud of having won the Citizenship Award last year, that the Students' Council has decided to rename the Citizenship Award, The Diane McLeod Memorial Award for Citizenship.

It is our hope in doing this that her memory will be perpetuated in this school and serve as an example to future students.

INTER-SCHOOL CHRISTIAN FELLOWSHIP

Back row: Bob Slagt, Mr. Green, Ron Archer.

Front row: Connie MacBain, Karen Prétty, Miss Clare.

Absent: Jean Mundy.

INTER-SCHOOL CHRISTIAN FELLOWSHIP

Each Friday at 12:30, approximately forty students have gathered together this year for a time of singing hymns and studying the Bible. The theme of each meeting has been the motto of members of the Inter-School Christian Fellowship clubs across Canada and the United States, "To know Christ and to make Him known." Throughout the year students have led discussions on the problems and joys of a Christian life, including a series of meetings on "Witnessing". Special speakers have included local pastors, evangelists, missionaries, and representatives of the staff of the national organization.

As well as these 'serious' studies, bi-monthly socials have been enjoyed. A ball game against Northern, a boat trip down the river, a 'get-acquainted games' party, and a bowling party are a few of these.

Red and white book-covers, crests, and pins have been sold during the year to promote I.S.C.F. in the school. Greetings were expressed at holiday seasons with colourful bulletin-board displays in the main hall.

Yes, I.S.C.F. has had a great year; its time has been spent profitably. Perhaps not all aims were accomplished, but with your help they will be next year.

May the Lord bless you in the years ahead!

Members of the Executive for 1961-62 were:

President — Connie MacBain

Vice-President — Bob Slagt

Secretary — Jean Munday

Social Convener — Karen Pretty

Publicity Manager — Ron Archer

ECCLESIA

Back row: Mr. Stevens.

Front row: Peter Dolezal, Ingrid Iwanowski, Don Smith.

ECCLESIA

The Ecclesia consists of a group of vigorous individuals; vigorous in the sense that each is ready to put forth an opinion or idea on any topic of interest and usually supports it with a long winded speech.

Topics this year ranged from Local Voting and Separatism in Canada; Berlin, Cuba, and Russian Foreign Policy to Democracy and Communism in general. Variety was obtained with discussions on Darwin's Theory, Spiritualism and with films; e.g., Arab Unity and the U.N. Guests of interest were Mr. Johnson who explained the coming changes in high school education, Mr. Little who showed coloured slides of his recent

trip to West Germany, and Mr. Reynolds, representing the New Democratic Party in Sarnia, who, with the pointed comments of our staff advisor, Mr. Stevens provided us with a very instructive meeting.

More members are always welcome and the only requirements for membership are a voice and an opinion.

LETTERMEN'S CLUB

Back row: Mr. McKee, Jim McCallum, Ted Kirk, Heather Kirby, Sharon Penning, Ivamae Shannon, Grace MacBain, Lewis Daws, Paul Janes, Mr. Stevens.

Front row: Gail Siegal, Penelope Catton, Anne Allen, Carol Swift, Lesley Sadleir, Sharon Blackshaw, Irene Vantol.

Absent: Miss Wilson.

LETTERMEN'S CLUB

The Lettermen's Club is a unique organization as it is the only group of its kind in the school and in the city. Its members are an exclusive group of outstanding students who have been awarded their Honour Letters. Unlike any other club in the school, its Executive is elected at an annual banquet meeting in May, to which the graduate members who are continuing their education at an institute of higher learning are invited, as well as several members of the Sarnia Board of Education. This year's Executive was composed of: President, Carol Swift; Secretary, Leslie Sadleir; Graduate Girls' and Boys' Directors, Penny Brooksbank and Tom McCord respectively.

The members took an active part in the Christmas Assembly by presenting their amusing version of 'The Night Before Christmas'. It was hoped that this occasion gave the student body a better chance to become acquainted with members of the Club.

Because of the lack of funds, the organization was able to contribute only a small part to the material development of the school this year. Attempts are being made to present proficiency awards to students of grades eleven and twelve at a later date, and also to have a Lettermen's Trophy for the most outstanding graduate of that year.

Under the excellent supervision of the two staff advisors, Mr. Stevens and Mr. McKee, the 1961-62 term of the Lettermen's Association has been a memorable one.

SCITS CLUB

Back row: Jim Esselment, Mr. Gulliford, Ken Louks.

Front row: Beth John, Anne Allen, Diane Steinman, Bev Walters.

S.C.I.T.S. CLUB

Once again the Scits Club prepared its annual revue. The thirty-second production with the theme "The Good Old Days" took in a wide range of time, and because of this, we are sure that students and parents alike found something that interested or amused them.

Since students write and direct the material as well as perform in the revue, much hidden talent is brought to the surface. Prizes and special awards provide a strong incentive, keeping the material to the highest level possible.

The executive would like to thank the staff advisors for the guidance that they are always ready to give when their help is required. We can

only hope that the revue reached as high a standard as it has in the previous years.

The 1961-62 executive were:

President — Jim Esselment
Vice-President — Bev Walters
Secretary — Diane Styman
Treasurer — Beth John

MATH CLUB

Back row: Mr. Scott

Front row: Don Smith, Penelope Catton, Roy Blackshaw.

MATHEMATICS CLUB

The main purpose of the Math Club is to promote a greater interest in Mathematics in the school. The Club prepares the senior members for the Math Congress Tests held annually in March and all members for the Mathematics Contests which are part of the Science Fair.

During the year lectures and demonstrations were given on Topology and on the slide rule and some of the talks given included "Numeration Systems" and "Sets and Numbers". A junior team project was entered in the Science Fair with the senior members acting as advisors. The entry showed the many and varied applications of the

Pythagorean Theorem, and also its origin and development.

The executive this year was composed of President, Penelope Catton, 13A; Vice-president, Roy Blackshaw, 11A; and Secretary-Treasurer, Donald Smith, 13A. The staff advisors are Mr. Scott and Mr. Timko.

THE BAND

Under the direction of Mr. Clothier the School Band has attained new heights of proficiency this year. In addition to regular band music, they have turned to popular pieces and have presented comedy sketches such as 'The Fractured Fairytale' in the assembly. It added considerably to the Commencement Exercises and helped to cheer the Blue Bombers on during the football season. The Band was a great boom to the SCITS Revue, accompanying the actors with catchy tunes from the theme 'The Good Old Days'.

The members now have school sweaters and are looking forward to having official uniforms in the near future.

The whole school thanks Mr. Clothier and the members for a job well done, in the old S.C.I.T.S. tradition.

BOWLING CLUB

Back row: George Potter, Onorio Frezza, John Loomis, Henry Klodnicki, Bob Swift, Grant Whitlock.

Front row: Brian Anderson, Duncan White, Kathy Willette, Stephanie Brock, Janet Kloske, Mr. Ditta, Howard Lanning.

BOWLING CLUB

This year the Bowling Club undertook both five and ten pin bowling, a first for the organization. Although it had a slow beginning, a well organized league came into operation.

Mr. Ditta was the teacher representative and was responsible for the activities of the Club. Attempts were made to arrange tournaments with Central, but the latter declined. The annual Teacher-Student game and the annual banquet, which was inaugurated last year, will be held in May.

The five pin captains are Bob Swift, Duncan White, Kathy Willette, Dave Whitfield, Howard Lanning and Bryan Adnerson.

Ten pin captains are Onorio Frezza, Wayne Scott, Henryk Klodnicki, George Potter, Janet Kloski and Grant Whitlock.

To the date of publication, the girls' high single, double and average are held by Carol Haight, with 269, 481 and 187 respectively.

The boys' high scores in the above three categories are 336, 473 and 198 respectively, for Howard Lanning.

In the ten pin league, the girls' high scores were made by Janet Kloski, with 160, 295 and 136.

The boys' ten pin high single and double scores are 201 and 350 for Grant Whitlock, and David Airey holds the boys' high average with a score of 153.

The Executive for this past year has been: President, John Loomis; Ten Pin Secretary, Sandra Charyk, and Five Pin Secretary, Stephanie Brock.

SCIENCE CLUB

The Science Club had a small beginning in 1959 with an enrolment of three, which has since risen to fourteen.

With the experience gathered over the last two years, the Club has been re-organized on the following basis: a teacher sponsor or president, Mr. Amos; monitors, David Galloway and Harm Rombeek who assist the members with their projects, see that the experiments and tools are properly stored, supervise in the Lab during any absence of the teacher, and, of course, work on their own endeavors. There are two secretaries, Gil Vachon and Arthur Payne who see that a written report is kept of the progress of each project.

At present, the work of the Club deals mostly in the fields of electronics and optics, leading to chemical analysis and measurement based on these.

The members are divided into groups of two or three who work together on their chosen enterprises and experiments.

Arthur Payne, Robert Nimmo, David Galloway and Harm Rombeek have built a two-stage amplifier which they intend to adapt to a radio receiver.

Gil Vachon, Ken Coulthart and John Gilb are doing experiments pertaining to the magnetic effects of electric current.

Hilary Bates is working on an astronomical telescope and Jim Swan and Peter Wilkins are building an astronomical telescope-microscope combination.

John Barkwell and John Taylor have built an Aneroid barometer and are preparing an Anomometer for use in experiments on weather observations and forecasts.

Fred Rosina and Mike Stackaiuk are doing dark room photography experiments and Paul Malvern worked on his gas diffusion exhibit for the Science Fair.

During the last three years the members have entered exhibits in various Science Fairs in both Ontario and Michigan. These projects have in the past been donated to the Industrial Chemistry Department, but they will now be kept in the Science division.

In these previous years their achievements have been numerous. In 1959, Jack Mostart won a prize at the Port Huron Science Fair for his Cottrell Precipitator. It is now used as a demonstrator in Grade 13 Chemistry and Industrial Chemistry.

In 1960-61, a Continuous Type Cloud Chamber was built by Jerry Clendenning and Jack, which is also used to teach radioactivity in the Chemistry Laboratories.

In 1960, Don Lethbridge and Jack made a storage cylinder for radioactive substances and it also doubles as a Radium Cannon.

Since many of these instruments are impossible to buy for the laboratory, the school is indebted to the Science Club for their fine work.

EVOLUTION HUMBUG!

And another thing you'll never see,
A monk build a fence 'round a coconut tree
And let the coconuts go to waste
Forbidding all other monks a taste.
Why, if I'd put a fence around the tree
Starvation would force you to steal from me.
Here's another thing a monk won't do,
Go out at night and get on a stew,
Or use a gun or club or knife
To take some other monkey's life
Yes, man descended, the ornery cuss,
**BUT, BROTHER, HE DIDN'T DESCEND
FROM US.**

SOCIAL

EVENTS

Editorial

This year I am working on the school magazine for the first time, and would like to thank those responsible for giving me my position.

Next I should say that the turn-outs for the dances have been excellent. Each form or school club which sponsored a dance did their utmost to make it successful. Our appreciation should be offered to those teachers for their time and efforts spent in chaperoning.

There is one point on which I would like to comment, and that is the records for the dances. It seems that the same records are played over and over again. Why can't new and popular records be bought? If these records were purchased, it would be a step to better dances in the future.

School spirit has improved this year but still lacks the enthusiasm expected from a school of such high quality.

KAREN LITTLE, 12A
Social Events' Editor

ALOHA

Our first school dance was based on a Hawaiian theme and this started our school year of events in full fashion. Although the Student Council was not properly formed, its executive members, with assistance from others, put on a splendid dance. The boys' gym was decorated with imitation palm trees, a false fisherman's net scattered with paper fish, and several lanterns hanging from the ceiling. As an added attraction, three young ladies, in Hawaiian dress, served refreshments in the cafeteria. I would like to take this opportunity to congratulate the Student Council for their fine beginning.

THE WITCHES' WALTZ

On Friday, October the 13th, the Student Council proved all superstitions about the day false. They put on their second spectacular of the year. Halloween colours and symbols were the decorations in the gym. The most surprising event of the evening was the representation of students in costume. Irene Vantol and Mike Debus each won a record album and a pizza for their costume. St. Clair was our invited guest and there was a good showing from both schools.

DRESS-UP DAY

Our first dress-up day was held on October 2, and I must admit, it was successful except there was not enough publicity. A month is a long time and most students, including myself, forget about the first Monday being a special day.

At the conclusion of the school day, the Student Council held a free Tea dance for all students properly dressed. The dress regulations include no bobby-sox or blue jeans. Since football practice and other boys' sports were being carried on, our first Tea dance was composed mostly of girls.

BLUE AND WHITE DAY

The Red Feather Game was held on October 20, and the Students of S.C.I. & T.S. wore blue and white to support the Bombers. There was a good response and I think that this should be an annual event.

EL-RANCHO ROCK

12 A & B provided a night's entertainment of special dances and prizes. The decorations were blue and white with the name of the dance written on one wall and "Hi-Northern" on the other. Even though we were beaten by Northern in the afternoon football game, our school still remained hospitable to its victors. To carry out the western theme, the cafeteria was decorated to represent a saloon. The chaperones were introduced and they led us in our elimination dance. A great deal of time and effort was spent in making this dance a tremendous success.

THE BOMBER'S BALL

Our fourth dance of the year was put on by the T-12's to celebrate the closing of the examinations. The decorations of blue and white were excellent but the most outstanding feature was their T-12 sign on the north wall of the gym. The T-12's are to be congratulated for a well organized dance.

REFUGEE ROCK

The Key Club held their annual dance on January 26. Central was the invited guest, and for special entertainment the "Blue Echoes" played popular music. The decorations consisted of blue and yellow streamers with "Welcome Central" on one wall and a large key at one end of the gym. All of this made the Refugee Rock a success, but I have one complaint, and that is that there were no special dances or prizes.

COMMENCEMENT

The Commencement of the 1961 "grads" followed the traditional background of special awards and prizes. In addition to these, "Honour Pins" and "Home Economics Awards" were presented. There was but one complaint, the ceremony was too long.

Following the exercises, a reception was held in the cafeteria. Members of the staff served the refreshments to the guests.

A continuous archway of blue and white streamers, marked the path from the girls' gym to the boys'. Here, the decorations proved that there had been long hours of work put into them. The music played by "The Five of Us" was, may I quote: "really terrific".

education for leadership

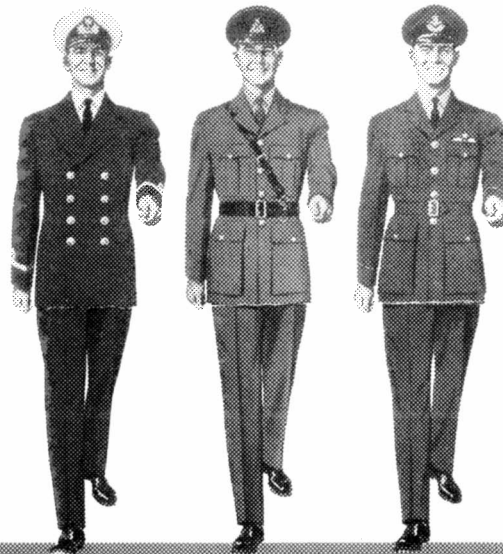

Collège Militaire Royal de Saint-Jean,
Saint-Jean, P.Q.

Royal Roads, Victoria, B.C.

Royal Military College of Canada
Kingston, Ontario.

80-107

A strong sense of duty, readiness to accept responsibility and the ability to lead . . . are some of the qualities required of an officer in Canada's Armed Forces. The development of these leadership qualities in this modern age demands the best in education and training.

The Department of National Defence will sponsor, through the Regular Officer Training Plan (ROTP), a selected number of qualified high school graduates to obtain an education through the Canadian Services

Colleges or through most Canadian universities, leading to a university degree and the Queen's Commission. This training prepares cadets for a career as officers in their chosen service, the Royal Canadian Navy, the Canadian Army or the Royal Canadian Air Force.

There is also a limited entry for those who would choose to obtain higher education at the Canadian Services Colleges at their own expense, and serve after graduation as officers in active components of the Reserve forces.

ROTP

Full details concerning the Regular Officer Training Plan, or entry into the Canadian Services Colleges, as a Reserve cadet, can be obtained without obligation from your nearest Canadian Armed Forces Recruiting Centre or by writing to the Director ROTP, Department of National Defence, Ottawa, Ontario. Closing date for candidates applying for 1962 FALL CLASSES is 1 July, 1962.
